

"There was an Old Lady Who Swallowed a Shell"

Instructions: Have your child cut out each picture.

Option 1: Glue the Old Lady to the front of a paper bag with the open part facing up. Stand it up with the top open and have your child use the pictures to retell each thing she swallowed while putting them in the bag. At the end, they can shake up the bag and dump them all out to make a sandcastle!

Option 2: If you don't have a paper bag handy, you can use a box, cup or anything else you have on hand.

Option 3: Mix them all up and glue them down on paper!
